

June/July 2008 Report

Hello every one well firstly let me apologise for not writing last months report, I have unfortunately been very busy at the hospital, so I have decided to do 2 reports into 1.

At Weirfield at the moment we have as usual lots and lots of baby birds that we are hand feeding and many of you who came to the Lincolnshire Show will see that we have lots of baby hedgehogs that we are hand feeding of which they are all doing very well. Also while we are on the subject of hedgehogs we have managed to release quite a few hedgehogs back out into the wild, and we still have hedgehogs that need releasing so if you do want to release a hedgehogs into your garden please give us a call, 01522 530428.

Events

Lincolnshire show

In June we had the Lincolnshire Show where we were able to make ourselves known to many of the public who didn't know who we were and what we did. We were able to raise quite a lot of funds for the hospital which will go towards looking after the animals and also trying to improve the facilities for the hospital.

(Our stall at Lincolnshire Show and next to it is Robert one of our Wildlife Assistant's feeding a baby hedgehog.)

The photographs are copyright of Neil Stait

Boultham show

Two weeks after the Lincolnshire Show we have the Boultham Park Fair, where we have the chance to sell some of bric a brac which people have kindly donated to us and also the cages which people have brought animals into us and the do not want to take back. The most interesting thing about doing the show at Boultham is how many

people do not realise that we are only on rookery lane! We managed to make a lot of money as well at Boultham Park so I thank everyone who brought something off our stall.

Lincoln water front festival and Coleby Open Garden Party

In July we had the Lincoln Water Front Festival and also at the same time we had Coleby Open Garden Party, so this weekend was particularly busy for Weirfield and at the same time we had to do the animals as well. I would like to say a big thank you to Lincoln University for letting us set our stall at the Waterfront we really do appreciate this and we made a good profit from it as well. Big thanks to go out to Coleby Open Garden Party who also let us set up or stall in the garden and we were once again able to raise a lot of funds. With this kind of fundraising we are able to keep the daily running of the hospital at a high standard.

I would like to take this opportunity to say a **BIG THANK YOU** to everyone who helped with all of the events we really do appreciate your help, you all make our lives a lot easier!!!

Unfortunately due to the high demand in volunteers that we are getting we are having to put people on to a waiting list, don't let this detire you from putting in an application, still do and we will get in contact with you as soon as we can.

That's it from me again and I will make sure that the next monthly report is on time next time
